DETAILED ACTION

Claim Rejections - 35 USC § 112, second paragraph

Applicant's amendment to claims 5, 33 and 45 filed on May 10, 2005, is acknowledged.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

Claims 5, 33 and 45 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The term "any reactive group that effects biosynthesis of biopolymers" in the claims is a relative term which renders the claim indefinite. The term "any reactive group that effects biosynthesis of biopolymers" is not defined by the claim, the specification does not provide a standard for ascertaining the requisite degree, and one of ordinary skill in the art would not be reasonably apprised of the scope of the invention. Additionally, in the absence of particular moieties that would be construed as "any reactive group that effects biosynthesis of biopolymers" or distinct language to describe the structural features or the chemical names of the reactive group of this invention, the identity of said "any reactive group that effects biosynthesis of biopolymers" would be difficult to describe and the metes and bounds of said "any reactive group that effects biosynthesis of biopolymers" that Applicant regards as the invention cannot be sufficiently determined because they have not been particularly pointed out or distinctly articulated in the claims.

Conclusion

Claims 5-7, 11-16, 29, 33-37, 39, 45 and 49 are pending. Claims 5-7, 11-16, 29, 33-37, 39, 45 and 49 are rejected. Claims 5-7, 11-16, 29, 33-37, 39, 45 and 49 will be allowed if Applicant overcomes the 35 U.S.C. 112, second paragraph rejection.

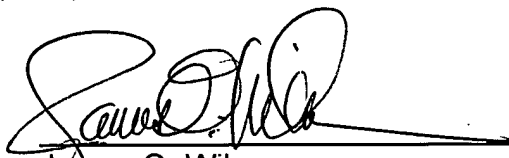

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
